

MaSTIC incoming mobility funding request

This form allows you to make a request for funding from MaSTIC for the financing of an incoming mobility. This request is independent and complementary to other funding requests. The file is examined by the manager who ensures that the file is complete and compliant, the deadline is respected and the budget is available. She will send the decision notice to the applicant.

The process

- Application submission on a rolling basis over a calendar year.
- Submission of applications no later than **2 months before arrival**.
- Evaluation by the EUR office as and when.
- Response to the funding request no later than **1 month before departure**.
- Payment of funds allocated by the EUR upon submission of documents from the host laboratory.

Only applications where co-financing is guaranteed will be considered. Requests for funding for travel as part of joint thesis supervision are ineligible. MaSTIC only funds **one application per calendar year and per person at most**.

Feed backs

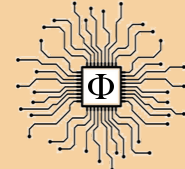

Supporting documents will be requested before or after the project. The applicant also agrees to share his/her experience on the MaSTIC LinkedIn and the MaSTIC website in the format of his/her choice: **article, video, podcast, etc.**

Attention!

Applications should be sent to ed-mastic@doctorat-paysdelaloire.fr and Benoit.Delahaye@univ-nantes.fr
